

## SURREALISM PHOTOGRAPH &amp; PAINTING

- 1)  $r = A \cdot \theta + f(\theta) \cdot B \cdot \sin(2\pi r\theta/\lambda)$
- 2) Art has no boundary
- 3) The combination of photography and painting
- 4) The old world collapses, the sun still rises

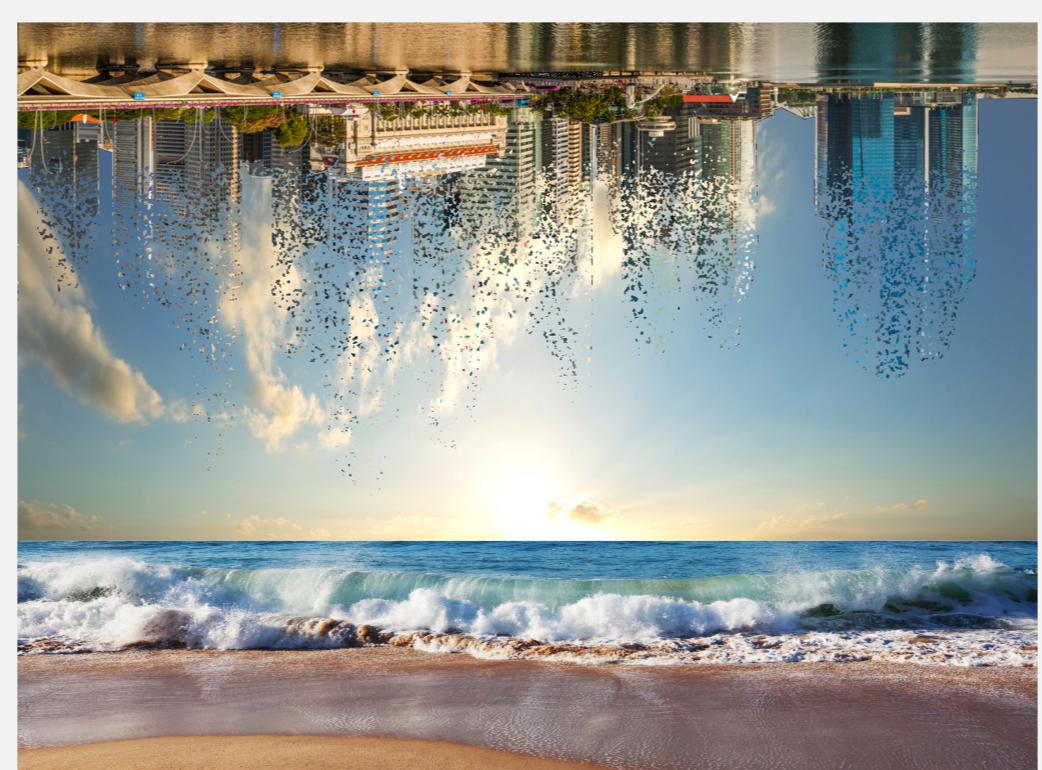

Original

+

Phase \* (-1) to rotate  
 Smash the building  
 Merge two of them

Oil Painting  
 Fourier transform  
 Filters to beautify the work
